## GENETS VENUE RULES

- Maximum 3 rods. Barbless hooks only. We recommend using minimum 12lb, maximum 15lb, breaking strain line. No braided mainline
- No bent hooks, no tether rigs, no long shank hooks, no rods to be left unattended
- No leaders allowed... tubing must always be used. We have had instances of tethered fish dying because unsafe leaders have been used
- No boats... but bait boats are allowed
- Please treat our fish with consideration. Use only Euro sized unhooking mats - good quality large weigh slings & unhooking mats are provided at each swim free of charge. A good antiseptic to be used as required, i.e. Klin-ik
- No sacking of fish. No marking of fish. Please use the supplied weigh-tripods to assist with the safe weighing of larger fish. Please bring a set of scales capable of weighing up to at least 60lb
- No Shelf Life (preserved) boilies. We have bait freezers to store your fresh boilies
- ONLY carp pellets supplied by the lake owner can be used. PLEASE DO NOT BRING YOUR OWN PELLETS - YOU WILL NOT BE ALLOWED TO USE THEM

- No rubbish to be left in the swims - please use the bins & sacks provided. No swimming. No dogs allowed. No fires. Please respect your fellow anglers
- Unhooking mats should always be wet before use. Never stand while holding or carrying a fish... use slings or suitable mats
- Please do not use the bankside as a toilet. If you do you are liable to be asked to leave immediately without compensation
- Whilst we understand that having a few beers is all part of a holiday, for their own safety anyone deemed to have had excess alcohol will be asked to leave their lines out of the water after dark
- Any angler not respecting the lake rules may be asked to leave without compensation
- Do not leave cigarette ends in or around the swims, ashtrays are provided if required

## BAIT

Bait is available to purchase on-site. To order bait please contact the owner direct. The owners Email address & phone number can be found on the directions sheet which will be sent to you when your holiday has been paid for in full.

***Boilies*** - Quest Rahja Spice, CC Moore Odyssey XXX & Live System. Prices from 10 to 12 € a kilo

***Lake pellet***.....13 € / 5kg ... or 60 € for a 25kg sack

***Prepared maize***..... 10 € / 5kg

Bait can be ordered in advance and will be ready for you on arrival. When it comes to feed our main concern has to be our carp & consistent good water quality. That is why we now ONLY allow Pellets and Particles supplied at the venue to be used. Our pellets are supplied by a major French company who are a principal supplier to French fish farms. They are good growing pellets with a high protein content but not too high in oils. Our carp are fed on these pellets throughout the year & recognize them as a food source.

**Please note;** Bait orders are made directly between you and the lake owner and/or Quest Baits. We (Angling Lines) cannot be held responsible for any problems that may subsequently arise. If you order bait to be waiting for you when you arrive we strongly recommend you telephone or Email the owner a few days before your arrival to make sure it will be there for you. In 99% of cases this will just be purely precautionary, but bait is such an important part of your holiday that it's only sensible to take every step to avoid problems.
