

Have you had a look at our forum – [www.anglinglines.com/forum](http://www.anglinglines.com/forum)

You can post questions & get tips from other anglers who have fished this venue.

## GLEHIAS VENUE RULES

As with all good fisheries we have some rules. These have been created to ensure that the fishery and surrounding countryside remains a safe and pleasant environment for everybody to enjoy, and also to protect the health and condition of the fish. Please take the time to read the rules and make sure you understand them before you start fishing. We are happy to answer any questions you may have if anything is unclear.

**Please note;** we will be happy to greet our guests on arrival between 14:00 and 15:00 but not before, and expect them to depart by 10:00.

A refundable deposit of €150 is required on arrival. This will be returned upon departure, providing there has been no damage and the venue has been left in good order.

### Rules for Fishing

The lead Angler is responsible for his family and guests, and any damage they may cause. Any Angler or member of his party found not respecting the rules will be asked to leave without compensation. No refund will be given for early departure.

- A maximum of 3 rods per angler is permitted at any one time. No rods to be left unattended at any time for any reason
- Main lines must have a minimum breaking strain of 12lb for Carp rods and 8lb for float fishing
- No fixed rigs allowed unless they are fitted with the easy lead release safety clips
- Rig tubing must be used and must be at least two feet long. Leadcore is okay
- Death Rigs, Bent Hooks, Tether Rigs and Braid Mainlines are banned
- Barbless hooks only to be used for Carp or Cat fishing, size 1 maximum
- Only commercially prepared particles are allowed. This includes Tiger Nuts. If you bring particles you will be asked to allow the owner to examine them at the start of your session and invoices may need to be produced if the packaging is suspicious. Due to poor preparation by some anglers, all home prepared particles (seeds and nuts) are banned on this venue. Anglers found using home prepared particles will be asked to leave immediately without compensation. Commercially prepared particles are OK eg. those prepared by [Quest Baits](#), Dynamite Baits etc. Sweetcorn is okay
- All carp pellet must be bought from us or Quest Baits, you will not be allowed to use any other
- Landing nets should be at least 42" and must be used. Unhook all fish carefully using a large unhooking mat every time. When weighing fish use a good quality large weigh sling. Do not stand up whilst holding fish at any time, e.g. when having photos taken

- To maintain the well being of the fish, we would ask that you treat any injuries to the fishes with an antiseptic such as Klin-ik or Medi-carp
- Do not use keepnets or sacks, all fish to be returned to the same lake immediately
- Please ensure the fish has fully recovered before it is released. Anyone found marking or mutilating fish will be prosecuted
- Bait boats are allowed.

## General Fishery Rules

- Do not cut or damage bank-side vegetation or disturb or harm wildlife
- No bright lights and no loud noise, e.g. shouting, loud radios
- No fires and please ensure all cigarettes and any other sources of heat are fully extinguished after use, as field fires are a real danger during the summer months
- There is a barbecue on site for your use. Please leave it clean at the end of your stay
- No litter or line to be left on the ground, please use bins provided
- Defecation on the bank side will not be tolerated. Please use the toilets provided
- The boat on site is strictly for the owners use only and not to be used for any reason
- Please respect the local area outside the fishery. Children (under 16 years) must be supervised at all times by a responsible adult. No swimming, no dogs.
- Please hold any fish caught weighing over 35lb in a landing net in the water and report it to a member of staff immediately, who will then come and photograph it before returning it to the lake
- Lake record fish must be witnessed and verified by an owner or employee of the fishery
- We reserve the right to inspect our visitor's fishing tackle and may stop the use of incorrect equipment
- La Gléhias Coarse Fisheries will accept no responsibility for injury to visitors or loss, damage or theft of their property

## Farmhouse Rules

- No smoking in the Farmhouse
- Do not remove any bedding, pillows, towels or furniture etc from the Farmhouse e.g. to the lakes or gardens
- The Farmhouse, gardens and barbecue area must be left in a clean and tidy condition.

## BAIT

We stock a selection of tried and tested baits. Our boilies are made for us by Quest Baits and work extremely well and the pellet is the same pellet that the carp are fed on through the winter... and so is an excellent attractor and ensures that the fish feed with confidence.

To order bait please contact the owner direct. The owners Email address & phone number can be found on the directions sheet which will be sent to you when your holiday has been paid for in full.

### **Boilies:**

- Special Crab 20mm 1kg – 15 euros, 5kg – 60 euros
- Rahja Spice 18mm, 22mm 1kg – 15 euros, 5kg – 60 euros
- Pop-ups & Dips to match
- Pop-ups... 8 euros
- Dips... 8 euros

### **Other items:**

- Pellet & Particle
- Carp Pellet 5mm, 7mm: 1kg – 3 euros, 5kg – 12 euros
- Halibut Pellet 5mm, 7mm: 1kg – 4 euros, 5kg – 16 euros
- Halibut Pellet 25mm: 1kg – 5 euros
- Prepared Hemp: 1kg – 3.50 euros, 5kg – 14 euros

**PLEASE NOTE;** Shelf life boilies are not allowed – only Fresh / Frozen boilies are permitted.

**Please note;** Bait orders are made directly between you and the lake owner and/or Quest Baits. We (Angling Lines) cannot be held responsible for any problems that may subsequently arise. If you order bait to be waiting for you when you arrive we strongly recommend you telephone or Email the owner a few days before your arrival to make sure it will be there for you. In 99% of cases this will just be purely precautionary, but bait is such an important part of your holiday that it's only sensible to take every step to avoid problems.

## BAIT & TACKLE ADVICE

The most frequent question we are asked is "how much bait do we need?" Of course the fish feed differently at different times of the year and different fishermen fish different techniques, but as a rough guide we advise approximately 4-5kg of boilie and 6-8kg of pellet (or similar) per man per week.

If you are planning on using our Quest Baits boilies, you will need to order the main bulk of your bait with us at least one month before your holiday to ensure that it will be here ready and waiting for you. If you do run short whilst here, we always have enough pellet and boilie in stock to top you up.

Since opening we have seen several anglers losing many fish before they manage to land them... this is often down to hooks being too small. Having a light set-up will look much less conspicuous, but it's doing you no favours if you don't land many of those hard earned runs. Main lines ideally should have a 12-15lbs breaking strain and hook links a couple of lbs lighter, size 6 hooks in wide gape form or standard size 4 hooks are good for the carp fishing and size 1 for cat fishing. 2 to 4oz leads and 2.5 to 3.5lb test curve rods will cover any type of fishing on our lake.

## **OPTIONAL SERVICE**

The owners are happy to supply an optional "Welcome Pack" of provisions which can be waiting for you when you arrive. It contains a few basic essentials such as tea, coffee, milk, sugar, loo rolls etc. to get you going so you don't have to worry about going out shopping immediately. The charge is 25 euros, payable on arrival. Ring the Angling Lines office if you'd like to reserve one.
