BAIT

IMPORTANT CHANGE ON BOILIES ALLOWED AT LAC DU VAL

Since the 2009 season you can only use the Lac du Val Special boilies which are sold on-site. ***Please do not take any other boilies as you will not be allowed to use them.***

David made the decision to allow only Lac du Val Special boilies to be used in 2009 after he lost one of his favourite fish in 2008 - a lovely 27lb linear mirror. People who caught this fish in the past will remember it not for being one of the biggest fish, but one that always held a special place in their affections. David feels it's important that customers know she has died and that it was a death he attributed to poor bait being used. So after long discussions with Shaun Harrison he decided that Quest would make all his bait – the Lac du Val Specials – so that he would know that all the fish were safe in what they consume.

The bait is £49.50 per 5kg bag & this can be paid for in £'s at the lake (a big advantage with the poor Euro exchange rate at the moment.)

If you'd like to call David to discuss bait issues, or make an advance order, his Email address & phone number can be found on the directions sheet which will be sent to you when your holiday has been paid for in full.

David also has a selection of various sundry tackle in his on-site tackle shop and they hire bivvies at £30 for the week. There is a large chest freezer and also a large fridge for the anglers use.
