VAUX LAKE VENUE RULES

LAKE RULES

The following rules are intended for the welfare of the fish, the venue and fellow anglers. Vaux is operated as a friendly environment, not as a regime, but we do expect anglers to co-operate in following these rules;

- Up to 4 anglers at the lake are allowed a maximum of 4 rods each at any time. 5 anglers are allowed a maximum of 3 rods each at any time. Rods must not be left unattended at any time
- No fixed lead, death rigs, tether or bent hook rigs are allowed - lines will be checked! Rigs must allow fish to free themselves from the lead in the event of breakage. Please use safe rigs making sure that the lead set-up can slide over any shock leader knot
- Hooks are the angler's choice, although the lake preference is for barbed or micro barbed hooks. A single hook only is to be used, no multiple hooks and no bent hooks
- Large unhooking mats must be used and wetted before use. If you don't have a large unhooking mat then one can be hired for €10.00 per week. Unhooking mats must be in place when taking photographs (and please don't stand up whilst holding fish for photos)
- Landing nets must be 42inch minimum. If you do not have a large landing net, then one can be hired for €15 per week. If it is broken or damaged during your hire, the cost of replacement will be deducted from the security deposit
- Sacking of any fish is strictly forbidden. Fish may not be retained either in sacks or keep nets and are to be released without delay, in best conditions
- Unfortunately due to bad preparation of particles and home-made baits by some anglers, only professionally prepared particle baits and nuts (ie by Quest Baits, Dynamite Baits, Hinders, etc) are allowed. No other particle baits will be allowed, except for tinned sweetcorn.
- Boats and swimming are strictly forbidden. Baitboats are allowed
- Please leave no litter, cigarette ends or line; bins will be provided for all your litter.
- The cutting of trees or degradation of the natural vegetation is strictly forbidden.
- No standing with fish for photographs please

GENERAL RULES

- The gîte will be available from 2.00pm on the day of arrival and **must** be vacated by not later than 10.00am on the day of departure
- Vehicles must be parked in the car parking area except for unloading/loading and must not be allowed to block the access road at any time as it is a right of way for use by farmers and the local community
- The angler is responsible for his family and his guests and for any damage they may cause. The gîte is no more than 2m from the lake so children **must** be accompanied by an adult at all times
- A 200 euro security deposit will be asked for at the start of your holiday. The equivalent in sterling will be accepted. This will be refunded in full at the end of the holiday provided everything in the house and lakeside is left in order and there are no breakages or damage. Please leave the house as clean and tidy as when you arrived. If extra cleaning hours are required they will be charged and taken from the deposit
- No refund will be given for an early departure
- The owners cannot be held responsible for any theft or damage to personal property anywhere on the premises or for any accident or loss
- A lock-up is provided in the Mill where **all** fishing gear, including wet clothing and made-up rods may be stored if required, but all items will be left at the angler's own risk. The owners will not be responsible for any items left in the lock-up. No fishing gear is to be taken into or stored in the gîte
- A freezer is available in the Mill specifically for anglers' bait. No cooking of bait is permitted in the gîte
- An area at the top of the lake is reserved for fish and wild-life. This area, together with certain other areas, will be pointed out on your arrival as strictly out of bounds to everyone at all times
- No dogs are allowed except by prior arrangement with the owners
- Necessary maintenance and grass-cutting will have to be carried out by the owners periodically; anglers and their families are requested to be as tolerant of this as the fish now are!!!
- We would respectfully point out that **smoking in the gîte is not allowed** and would ask that when smoking outside all cigarette ends are placed in the tubs provided
- Duvets and pillows are provided, but please bring bed linen (sheets, pillowslips, duvet covers), plus towels, tea towels and dishcloth. If required, bed linen can be supplied for a small additional charge of €8 per bed, per week – please contact us
- **Under no circumstances** are duvets and pillows to be removed from the gîte and must not be used either lakeside or in bivvies
- Drainage is into a private fosse septique. Please do not dispose of any harmful or potentially harmful materials into the waste system. Please do not dispose of **ANY MATERIALS** other than toilet paper into the toilets

BAIT

This venue stocks Quest Baits (www.questbaits.com). They can be pre-ordered and waiting for you at the venue. Please order at least 4 weeks in advance.

To order bait please contact the owner direct. The owners Email address & phone number can be found on the directions sheet which will be sent to you when your holiday has been paid for in full.

Boilies:

- Irish Cream, Pineapple Crush, Liver B8, Fruity Trifle, Rahja Spice, Tigernut Crunch and Special Crab - Frozen, 20mm.
- New in 2010, Chilli Chocolate, Surf'n'Turf, Tigernut Crunch and Pineapple Crush – Frozen, 15mm

Prepared particles:

- Hemp seed 4 euros/kilo
- Maize 4 euros/kilo
- Wheat 3 euros/kilo
- Mixed seed 4 euros/kilo
- Jumbo Tiger Nuts 6 euros/kilo
- Pellets 3 euros/kilo

Please remember – this bait can be waiting for you when you arrive... saving you time and space in your car!

Please note; Bait orders are made directly between you and the lake owner and/or Quest Baits. We (Angling Lines) cannot be held responsible for any problems that may subsequently arise. If you order bait to be waiting for you when you arrive we strongly recommend you telephone or Email the owner a few days before your arrival to make sure it will be there for you. In 99% of cases this will just be purely precautionary, but bait is such an important part of your holiday that it's only sensible to take every step to avoid problems.

A CHANCE TO VISIT SOME NEW WATERS ON YOUR VAUX TRIP!

We all know carp can switch off... & for a variety of reasons. And we all know just how frustrating and disappointing this can be!

But what if you could try something different should this happen during your holiday at Vaux... well now you can;

- Perhaps you would like an opportunity to try a day's fishing on large waters where carp are known to 66½lb and catfish to 177lb, as featured in the local press.
- Or maybe you have only ever fished small, intimate venues before now and would perhaps like to try out large waters to see if this is the fishing for you!

A holiday at Vaux presents just such an opportunity. We are offering our visiting holiday anglers the chance to fish guided sessions, as a holiday extra, on any of four alternative venues which vary from 30 to 140 hectares. In addition to carp, there is a huge variety of course fish, zander, perch, tench, bream and more.

Chas will be your guide to these venues at all times where you can fish for a day, or longer if you wish, and where some night fishing is possible. The number of holiday anglers per session will be limited to either a single angler or a maximum of two; four anglers will have to divide into pairs for two separate sessions. Please contact us for full details.

RECOMMENDED FISHING TACKLE - Answers to some of the Most Frequently Asked Questions

To give you the best possible chance of achieving the best possible results when fishing our lake, we offer a guide to the tackle which should be considered. We have compiled this list as a guide only – experienced anglers will obviously have their own favourite tackle items & methods.

Reel - the single most important factor is the quality of the fishing reel. You should bring with you the best that can be afforded, with a smooth clutch mechanism and incorporating as much line capacity as possible. Bait runners are not a necessity

POD System - because we have platforms and hard banks.

Carp leaders (if used) - Minimum 25lb nylon. Leaders must be capable of being safely used with either inline leads (see below) or safety clips, whichever is used

Leads – we recommend Fox In-line flat pear combi-leads, 2½oz through to 5oz

Rig foam, PVA bags and Funnel Web systems are all successfully employed at this venue

Hooks – we recommend Teflon coated, Long Shank 10, Wide Gape, B 6 and 10, barbed and barbless

For more advice feel free to give the owner Chas..
